Additional functionality in MAS90/200 to streamline

IIG Warehouse Shipping Automation with CPS/Malvern provides all the features you need to automate and improve your shipping processes. IIG Warehouse Shipping Automation with CPS/Malvern provides seamless integration of CPS, Malvern, Clippership, Scancode, and FedEx FXRS Ship Manager shipping solutions into Sage MAS 90 and 200, providing you the flexibility to adapt your business and customer shipping needs.

Would you like to have shipping freedom of choice without additional module cost? With CPS/Malvern that's no problem. A single workstation with one program ships everything. All CPS/Malvern packages automate parcel processing of both domestic and international shipments for United Parcel Service (UPS®), FedEx®, the United States Postal Service®, DHL

With CPS/Malvern all carriers are included!
